For the second period of Structured Deposit „Index EURO 50“, it is accrued fixed annual interest rate of 3.00% and it is possible to have additional interest, calculated for the entire period and payable at maturity, only if there is positive change of the index EURO STOXX 50®. The fixed interest amount is due at maturity, but is paid on every 12 months after the start date of the second period, on every July 25th (if it is a non-working day - on the first following working day) of the respective year. If the holder does not withdraw the annually paid interest amount (or any part thereof) by the end of the contracted term of the second period or the deposit is not terminated, together with the principal and the additional interest, if any, the total amount is automatically transferred to the conditions and interest rate for term deposit "Deposit for Everyone" for 4 months, according to the Interest Rate Bulletin that will be effective as of the maturity date. In case of pre-term closure of the deposit in the second period, the already paid interest amount (if any) is deducted from the deposit and a penalty fee in the amount of 6.00% from the principle amount is due.

*The possible additional interest is equal to 51% from the positive percentage change in the levels of index EURO STOXX 50®, accrued on the deposit. Additional interest is not guaranteed and fully depends on the market factors - circumstances that are outside the control of Eurobank Bulgaria and depositors. Structured Deposit "Index EURO 50" is guaranteed from the Bulgarian Deposit Insurance Fund (BDIF) with official site: www.dif.bg under the terms of the Law on Bank Deposit Guarantee by the Deposit Insurance Fund (DIF).
