What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.
 The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product over the last 10 years. Markets could develop very differently in the future.
 The stress scenario shows what you might get back in extreme market circumstances.
 The figures shown include all the costs of the product itself , but may not include all the costs that you pay to your advisor or distributor.
 The figures do not take into account your personal tax situation, which may also affect how much you get back.
